

LEAST RESTRICTIVE ENVIRONMENT & EDUCATIONAL PLACEMENTS

What does it all mean?

Full inclusion? Mainstreaming? Specialized Academic Instruction? Clinics? How will placement affect my child's education? How can I ensure that my child is in the least restrictive environment?

The placement/environment where your child receives their education is a huge piece of the IEP puzzle. We will review the continuum of program options available to students and then consider the impacts of each of them. We will also look at steps parents can take to ensure their child is in their least restrictive environment.
